WELL DONE PARKERS!

In football and cricket we have umpires, in boxing we have referees and in racing we have stewards. So what do we have in bowls? Cornflakes.

GOLD COIN – *Sally Dobson*

Well we are going to start Gold Coin Bowling on TUESDAY 15TH, AND SATURDAY 19TH MARCH. With a little bit of luck we should have lovely weather right through March, April and May.

I was thinking of changing the game a little.

1. We play the jack wherever it lands as long as it is over 21 metres and within the rink (in other words we do not centre the jack).
2. No dead ends, if the jack goes out then it is placed on the back marker.
3. We play 10 till 11 (or 1 till 2 on Saturdays) then winners move towards the clubhouse for the next hour between 11 and noon (or 2 and 3 pm). Therefore as the pot is won by whoever has the most shots up overall

. . . it is a good idea to play quickly and promptly.

4. The cost will be \$3 this season. We will keep the extra \$1 and play for a good sized pot at the end of May. This will be played on Tuesday May 24th and Saturday May 28th respectively. You have to have played at least 5 games on the respective days to be eligible to play in the BIG DAY(s).
5. We will re assess the weather, and decide if we are going to play on in June, July and August.
6. Numbers will make a difference, but we will try to make them triples games, instead of four per side, as you get more bowls in that way.
